

# Get to know The “DAO” Model of Responsible Growth for Pamalí.

Do you know the cause Pamali is supporting today?

We've developed a cooking oil with high standards allowing for more uniform and greater stability in the frying of your foods.

Its production is entirely based on the principles of RSPO (Roundtable Sustainable Palm Oil).

Produced in our farms enacting the most sustainable and earth-friendly practices in Colombia.

High levels of antioxidants and Omega 9.  
Made with non-GMO seeds.

You can re-use Pamali up to 50 times in order to improve your efficiency, your return on investment, and your profits.

Resistant up to 446 degrees Fahrenheit.
